### Toxic Reduction Policy Statement of Intent

Southwest United Canada Inc. – Concord Division is committed to playing a leadership role in protecting the environment. Whenever feasible, we will reduce the use and releases of all reportable substances in compliance with all Federal and Provincial Regulations.

### Reduction Objectives

The Concord Division prides itself on technological innovation in order to produce high quality plated aerospace components in an environmentally responsible manner. Through this plan, the Concord Division determined the technical and economic feasibility of each option to determine which, if any, are viable for implementation at this time.

### Description of Facility

The Facility's operations involve chromic acid anodizing, cadmium electroplating, chemical film and passivation and painting services for the Canadian Aerospace Industry.

The primary North American Industry Classification System (NAICS) Code that applies to this Facility is 332810 – "Coating, Engraving, Heat Treating and Allied Activities".

### Toxic Substance Reduction Option to Be Implemented

There were no options identified that can be implemented by the Concord Division to reduce the use of hexavalent chromium and cadmium.

### Plan Summary Statement

This plan summary accurately reflects the content of the toxic substance reduction plans for hexavalent chromium and cadmium.

**Certification by Highest Ranking Employee**

Attached.

**Certification by Licensed Planner**

Attached.

**Summary of Reported Values**

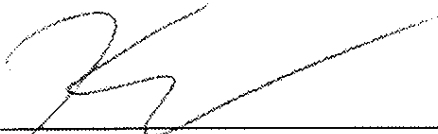

Year	Substance	Used (kg/year)	Created (kg/year)	Contained in Product (kg/year)
2012	Hexavalent Chromium (and its compounds)	>1000 to 10000	0	>100 to 1000
	Cadmium (and its compounds)	>100 to 1000	0	>100 to 1000

***Certification by Highest Ranking Employee***

As of May 9, 2014, I, Korry Frew, certify that I have read the toxic substance reduction plan for the toxic substances referred to below and am familiar with its contents, and to my knowledge the plan is factually accurate and complies with the *Toxics Reduction Act, 2009* and Ontario Regulation 455/09 (General) made under that Act, with the exception of subsection 11.1(2) since the plan was not dated prior to December 31, 2012.

[Hexavalent Chromium]

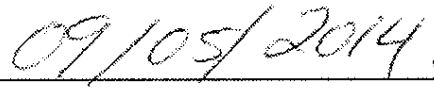

[Cadmium]
